Arbor Heights Elementary School

Volume 14, Issue 10

Upcoming Event

June 21:
Last Day of School!
(2:10 dismissal)

Bo and Kevin
Room 22, Grade 5

We are learning about microworlds in science and shapes in math. Our favorite field trip was Fauntleroy Creek when we dropped the salmon off in the creek. Bo's favorite subject is science. Kevin's favorite subject is math. Bo and Kevin will miss Ms. Barnicle and everybody, including Dr. Coram. Bo is going to Bend, Oregon, Spokane, Idaho, and maybe even Hawaii in the summer. Kevin is going to Alaska over the summer. Ms. Barnicle is going camping, and she is going to work at the Arbor Heights Pool.

"Doctor, doctor... my son swallowed a pen! What should I do?"

"Use a pencil instead."

Inside this Month:

The latest classroom news!
Silly jokes and riddles!

Jamee
Room 25, Grade 5

School is almost out, and summer is near, I'm so excited!

I love the summer. You can go swimming at beaches, oceans, rivers, lakes, and pools. You can go on trips to different cities and states.

You can visit family that lives far away. And you can stay up late and sleep in.

And don't forget, there's **NO SCHOOL!** That's one of my favorite parts of summer vacation. Plus, when school starts again, you're one grade higher!

Well, have a great summer vacation. See you next year!
Bye!

Allison and Bailey
Room 7, Grade 4

We are learning how to compare measurements in class. Our favorite field trip was when we went to the Aquarium. Our favorite subject is writing. We are going to miss EVERYONE when school's out! Bailey is going to the San Juan Islands in a sailboat, and Allison is going to the Bahamas. We are both going to Camp Long this summer. We hope that EVERYONE has a great summer!!!!

"Doctor, Doctor—have you got something for a bad headache?"

"Of course. Just take this hammer and hit yourself on the head. That'll give you a bad headache."

Stories, poems, articles, and *great* jokes from student news reporters at Arbor Heights Elementary School in Seattle, WA

Editor: Mr. Ahlness

News from the classroom.....

**Kevin and Lindsay
Room 15, Grade 1**

- I like to read - Kevin
- I like to draw - Lindsay
- I like to play games - Casey
- I like to play tetherball - Taylor
- I like math - Riley
- I love tetherball - Lindsay
- I like to read - Adreina
- I like birding - Taylor
- I like to play tetherball - Kevin
- I like to go to the Carnival - Casey

**Meshia and Janelle
Room 1, Grade 4**

For summer, Meshia is going to music camp, and Janelle is going to New York in July and Michigan in August.

We are very disappointed that school is coming to a close, but we are looking forward to the fun activities we will do in the summer.

Friday we are going to the third and fourth grade Pool Party. It will be lots of fun, and there will be yummy snacks. We hope we will not get stomach cramps!

Q: If a red house is made of red bricks, and a yellow house is made out of yellow bricks, what is a green house made out of?

Glass (garden green-house for plants)

**MaKenzie and Hunter
Room 13, Grade 3**

We're learning about geometry in math. It's kind of hard. Our favorite field trip was going to the Arbor Heights Pool. It was very fun, and there was food there. Our favorite subjects are writing and math. They're really fun. What we will miss the most when we're not in school is the field trips we go on, because they're really fun. Hunter is going on a cruise to New Mexico. Makenzie is going to Sun Lakes with her mom, dad, and sister. Other friends are going too. It's going to be really fun when we go on vacation.

Knock, knock

Who's there?

Paul

Paul who?

Paul up a chair, and I'll tell you!

**Abigail and Peter
Room 16, Grades 1 & 2**

On Monday we are going to Lincoln Park for a pot luck and low tide. It is fun to find sea animals. On Tuesday we will have game day, and it will be fun, too! We just finished Charlotte's Web, and it was a good book. Logan's birthday was on Monday, and we had some very good cupcakes.

Where do pencils get jobs?

Pennsylvania

MATH PUZZLE

Use 1 - 9 each once, to make 25 each way

**Erin, Hannah, August, and Tevin
Room 18, Grade 2**

We are learning about fish in the ocean. We haven't gone on a field trip yet, but we're going on a field trip June 20. We are going to low tide at Alki. Our favorite subject is DOL. We will miss Fun Friday and Powerful Writing. August will be at work with her mom. Erin and Hannah will be going to camp, and Tevin will be at home with his new baby brother. Mrs. Shavey is going to Australia this summer. Good Day, Mates!

What did the skeleton say before he ate the pizza?

Bone Appetite!

Why didn't the chicken cross the road?

Because he was a chicken!

More classroom news.....

Noelle, Allison, & Charlie Room 12, Grade 3

What Noelle will miss the most are her friends. She has a lot of friends she will miss, and some of them will not be coming to this school next year. Allison will miss her friends because she is not coming to this school next year. Charlie is going to miss gym and PowerPoint presentations.

Noelle is going to have a birthday bash; it is going to be really fun. There is going to be a lot of food and things to do. Allison is going to go on a 3-week vacation. Charlie is going to Nebraska.

Allison: favorite field trip was when we went to the Pike Place Market, and that was very fun, because we got some doughnuts.

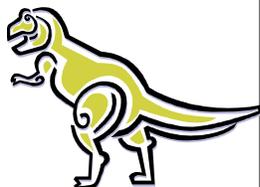

Noelle: favorite field trip was when we went to Chinatown.

Charlie: favorite field trip was when we went to the Pike Place Market.

Charlie's favorite subject is art. Noelle's favorite subject is history. Allison's favorite subject is art. Mr. Ahlness' favorite subject is art.

Receptionist: Doctor, here's an invisible dinosaur in the waiting room.

Doctor: Tell her I can't see her!

Jacqueline and Alex Room 19, Grade 2

From Alex: It's June! That means school is almost out! That means no homework! Instead, ice cream, water slides, and sunny days - NOT cloudy, definitely NOT cloudy! So, what are you going to do when summer comes?

From Jacqueline: My favorite subject in school is math. In math we are studying fractions and predictions. What are predictions? Predictions are when our class puts a certain amount of colored cubes into a paper bag. We predict which color will be drawn most often. Then our teacher shakes up the bag, and without looking we draw a cube from the bag. It will either be red or yellow. Say it's red, then we put a tally on the board for red, and if it's yellow, then we put a tally for the yellows.

Brandon and Abshir Room 9 Room, Grade 3

Abshir and Brandon will miss friends, teachers, class, lunch, Fun Friday, recess, and learning.

Our favorite field trip was the Pike Place Market. It was fun!

In class we are learning about communities. Our community name is Riverton. For our town we had an election for mayor, secretary, and treasurer. Each candidate had to prepare a speech and campaign posters before we voted.

This summer Brandon is going camping and going to lots of parties. Abshir is taking swimming lessons and playing with friends. Mrs. Salter is going to Eastern Washington and taking a class on multicultural children's books.

Why did the football coach go back to the bank?

To get his quarter back!

Even more classrooms news...

**Brittany and Jennee
Room 21, Grade 4**

In math we are learning how to divide and multiply fractions. Our favorite field trip was the Macy's Pen Pal Ice cream Social. Brittany's favorite subject is reading. Jennee's favorite subject is science. Brittany and Jennee can't wait to see "Star Wars III(3): Revenge of the Sith". They will miss their teacher, Mrs. Boitano, the most. But they will see her in the Fall. Ms. Boitano is looping with her 4th grade class! On the 22nd Brittany is going to Vashon, spending the night with her grandma, and, in the morning, taking a 7 hour drive to Oregon. This summer, Jennee is going on a 48 hour drive to South Dakota to visit her Grandpa. Brittany saw "Star Wars XI (6): Return of the Jedi." In "Return of the Jedi", Yoda died! Brittany cried for about half an hour.

What's black and white
and read all over?

A newspaper

**Brittany, Jennee, Tori, Delaney, Ashley & Raven
Special Report!**

Well, unfortunately, school is almost over. We will miss Mrs. Boitano, our teacher, the most. She will loop with us this year, though. Field Day was really fun. Our favorite field trip was the Macy's Ice Cream Social. It was fun! We learned how to make origami whales this year. We are learning how to add and subtract fractions with same and different denominators (the bottom number in a fraction). We also learned how to divide and multiply fractions. In science we made ecosystems and ecocolumns. We polluted the group ecocolumn with either vinegar water (Acid Rain), fertilizer, or salt (Road Salt).

Why did the rooster
cross the road?

To prove he wasn't a chicken!

**Alexander and Alexandria
Room 22, Grade 5**

We've been thinking, and Alexandria might stay home the whole time, and she might go on little trips. And Alexander might go to Thailand. Alexandria says she will miss recess, and once again, Alexander will miss his hamster, because he died on June 15, 2005. It's very depressing. Our whole class will miss him.

Well, enough with the sadness. We are asking people what are they going to do during the summer and what they are going to miss.

First, Clint says he is going to jump off stuff this summer. Clint will miss Cheeseball the hamster. Another person is Aaron, who says he is going to be swimming a lot and playing with friends. Aaron is going to miss Cheeseball. Carlo is going to camp during the summer. Carlo misses Cheeseball and recess. Everybody is going to miss him. Quang is going to Viet Nam and then to Wild Waves. Quang misses nothing except Cheeseball the hamster.
