Room 21, Grade 4

In our class we had people from Beechers food and they taught us about nutrition like calories and how many to have daily. We found out how to discover sweeteners and stuff. Did you know that some food coloring is made of ground up beetle backs?? Disgusting, huh? And in Yogos they have the kind of wax you wax your car with?? and some foods contain Pennzoil oil - yes the kind in cars. We made organic vegetarian chili, and it was fun making it. Everybody in our class had different opinions about the taste.

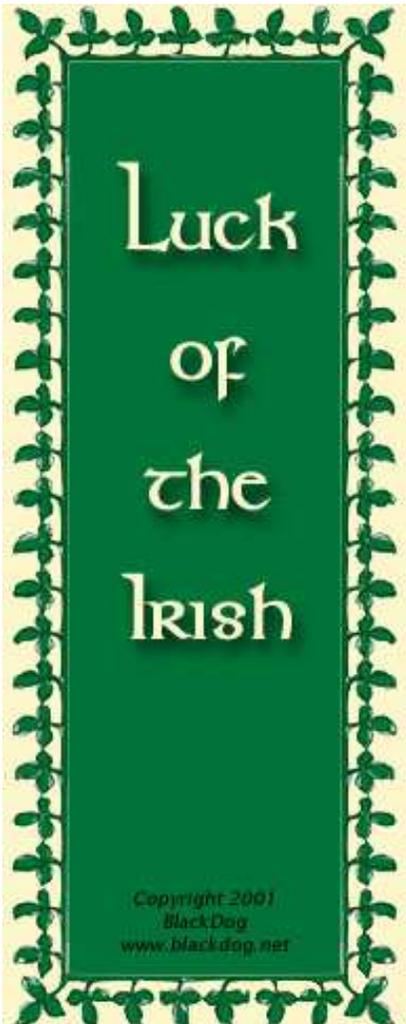

Stories, poems, articles, and *great* jokes from student news reporters at Arbor Heights Elementary School in Seattle, WA
