**Jacqueline and Vanessa
Room 24, Grade 5**

In our classroom (room 24) we have been working hard on our spider stories. We got a topic to write on and it was about being a spider for a day. A lot of people are finishing up. The stories are turning out really good so far. If you are interested in reading any spider stories from room 24, just ask.

Thanksgiving is a good time for families to get together and talk and socialize. Jacqueline is going to a close friend's house for Thanksgiving, and Vanessa is going to her aunt, uncle, and cousin's house on Whidbey Island for Thanksgiving.

We interviewed our teacher (Ms. Kennewick) about some things we thought you might like to know. Ms. Kennewick's favorite colors are yellow and green. She has a whole bunch of books that she loves. One of them is Ms.Frisbie and The Rats Of Nimh. That book sounds interesting. Did you know that Ms. Kennewick played in an over-forty soccer league? Because she can kick with both feet, this allows her to be very good at soccer.

Room 4, Kindergarten

We have been busy making paper Turkeys which we now have displayed outside our room. The project allowed us to dab paint, use our scissors, glue sticks, and most of all have fun. While we cut paper feathers for the turkeys we talk about symmetry. We learned how to fold paper and cut out symmetrical feathers. We are thankful for our Families, Friends and Classmates. The children of Room 4 would like to wish everyone a wonderful Thanksgiving!

Joke: What are the feathers on a turkey's wings called?
