**TJ and Esme**  
**Room 18, Grade 2**

We like room 18 because Ms. Nall is a very good teacher. We like the school year because we do fun things in Ms. Nall's class. We both went camping over the summer.

Why are there gates around a graveyard?

Because people are dying to get in!

What time is it when you have to go to the dentist?

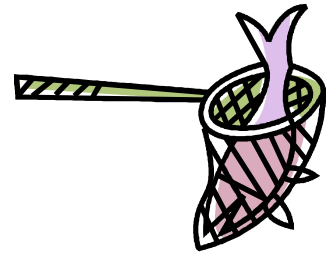

Tooth-hurty!

**Sandy and Max**  
**Room 13, Grade 2**

Over the summer we had play dates.

We love math. We like to dance. We love to do art, we like writing, we like to swim. We both love soccer. We both like tennis, we like school, but most of all, we love Ms. Feagan!

Why was the fish afraid to go on the network?

It was afraid to get caught in the Net!

Stories, poems, articles, and *great* jokes from student news reporters at Arbor Heights Elementary School in Seattle, WA

**Fatuma  
Grade 5, Room 22**

My summer was splish splash fantastic. I went to the Southwest Pool and got to go off the diving board. After summer was over it still feels good to be back at my #1 school, Arbor Heights!

What type of paper  
do mosquitoes like?

Scratch paper!

**Everyone  
Room 3, Kindergarten**

We are good friends to each other. We do art projects. We are learning how to cut. We are learning how to silent read. We learned jump ropes in P.E. We help people learn to be good friends.

**Hannah and Arabella  
Room 12, Grade 3**

*From Hannah:* I like my new teacher. My favorite subject is writing. I like to play with my friends. I like to have fun in school.

*From Arabella:* My name is Arabella. I'm nine years old. I go to Arbor Heights, and my teacher is Mr. Ahlness. This is my first time being a news reporter.

I will be writing about my old home, Westby, Montana and the kinds of weather I experienced there. Westby is a small town. There is a small store and a small school. In Westby there were only two third graders. They were both girls. Their names were Katie and Alicia, and Katie was the oldest.

In the summer it gets really hot. In winter it gets really cold, cold enough for lakes to freeze, and for it to snow!

A few days after I moved, an F3 tornado hit very close to my old house. If you stood on a hill you might have been able to see it. Twisters are pretty rare there. It was in Plentywood. Usually twisters back there are the weak ones. This one was very strong, it moved a tractor over a street! A big truck was blown into the tractor, and it hit so hard, the truck wrapped itself around it!

Who's a penguin's favorite aunt?

Aunt Artical!

## Room 4 Everyone

The students of room 4 have been learning many new things about apples. We have sorted, tasted, dehydrated, and spun them in class. We watched a video about how apples grow and are turned into many different products. The BIG bulletin board in our room is full of the self portraits we worked very hard on. We are very excited about the new animals that just arrived for our science unit.

## Daisy, Siobhan, Charlie, & Jake Room 21, Grade 4

Our classroom is small, and we have 30 kids in our class. We do stuff in the same order. In math we are using compasses. We are doing science. In science we are doing a terrarium. We are soon going to put crickets and pill bugs in it. We put seeds in it to grow. We have a pattern in gym and music.

Three people went into a castle, and one night they came out with four people. Who was the 4th? Knight!
