## Hannah and Keenan Room 17, Grades 1&2

Keenan is doing chores in three days. Hannah is doing chores just like Keenan. Our new author is Jack Prelutsky. He wrote a book called The Pizza the Size of the Sun. Mr. Pharis is back without his glasses! A kid in our classroom had her birthday on Monday. Hannah will spend the night at her grandma's house during Spring Vacation. Keenan saw "Arachnid" at his dad's, and he saw a little baby black spider that scared him!

## Jaelynn and Jesse Room 12, Grade 3

For Earth Day our class is going to other classes to tell about the Earth Day grocery bags. Jesse and Jaelynn have gone to two classes. We're both going to Oregon for Spring Vacation. Jesse is going to see his aunt. Jaelynn is going there for fun.

## Dusty and Jessica Room 7, Grade 4

We are making buffalo stories in social studies. They are about Indian lives. We make up stories about Indians, and we use words and symbols. To write them we make lines in pencil so when we write the words in marker it looks like we just wrote straight.

We are going to the Ballet on April 21st. We're going to ride on a bus. It will be with Room 9 and Room 12. I (Dusty) took ballet when I was five, and I (Jessica) also took ballet.

In spring we are baby sitting with two other girls. It should be really fun!

We are not doing tests, which we are really glad for, and we all are going to come up with sayings for Earth Day and hopefully get one of our earth bags.

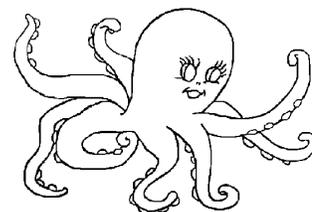

On Earth Day we are going to clean and pick up trash. We are nervous about the WASL test.

Jessica: Why are you so upset?  
Dusty: Ms. Sato yelled at me for something I didn't do.  
Jessica: What was it?  
Dusty: My homework!

## Sean and Hannah Room 3, Kindergarten

We have been talking balance and working with different materials to try and make them balance. In April we will be discussing Earth Day and how to take care of plants. We will be planting spring flower seeds in our garden. Come by and see the k-garden! Also, we will learn our names in sign language.

What did the boy octopus say to the girl octopus?

I want to hold your hand, hand, hand,  
hand, hand, hand, hand, hand!

## Callan and Kirubail Room 15, Grades 2&3

We are doing Anno's Mysterious Multiplying Jar. For April Fool's Day we mixed names. We dyed eggs for Easter. We are going to the Northwest Puppet Theater on May 7, 1999.

The third grade just took the IOWA Test! Before the test everyone thought it would be really hard, but it wasn't that bad. The IOWA Test wasn't that horrible, we survived! We're glad we took the IOWA Test. It was sort of fun.

Why didn't Cinderella make the baseball team?

She kept running away from the ball!

Color this picture for Earth Day, April 22!

The bald eagle is our national symbol. Its eyesight is so good that it can spot a fish from more than a mile away. It is so fast that it can swoop down through the air at 100 miles an hour to catch this tasty meal with its strong claws. <http://www.nbs.gov/features/kidscorner/>

### Jenitra Room 18, Grade 2

We are studying about Pompeii and Italy. It is fun. We're also studying about mosaics. And volcanoes, too. We're learning about pyramid skeletons, Herculaneum, Rome, and Egypt. We are learning about mummies and King Tut's pyramids. We learned about people that live different from us. Also about different parts of the world.
