Because the sun melts all the snow!

Our favorite field trip was the salmon homecoming. We're not going to miss homework or testing. On Thursday, June 4, our class went to the landfill. We were not very thrilled about going, though. On June 12 we went to the Arbor Heights Swimming Pool. We had a big party.

What state is round at the ends and high in the middle?

## Makalia and Courtney Room 18, Grade 2

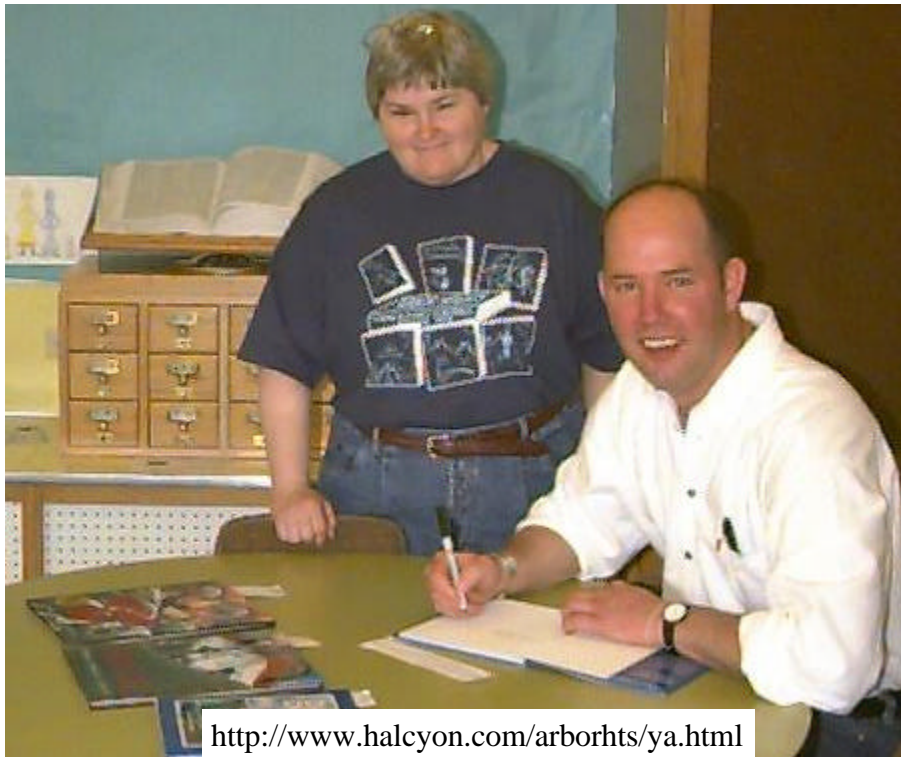

We have a student teacher, Ms. Gruber. We all like her. She will be a good teacher. She taught us about bugs, ants, bees, and pill bugs. We also learned about money. We made her a book and an apron. She has a summer job at the Space Needle Restaurant. We will miss her! We went on a field trip to the zoo.

Why do bees hum?

Because they can't remember the words!

Well, this is the last Jr. Seahawk Newsletter of the year! On June 3rd we went to the Bon Marche to see our pen friends at the Ice Cream Social. We got to see their offices and the white room. A white room is a place where they take pictures and film models for advertising.

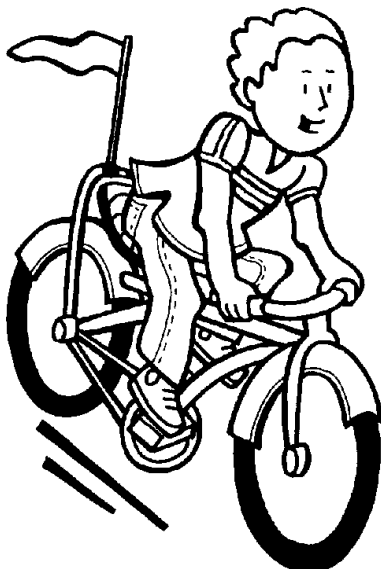

In our classroom we have just finished our testing. It was a little too easy this year. OK, this is the end! Goodbye! (hope to see you next year).

### Tricky riddle:

What happens once in a minute, twice in a moment, but not in a thousand years?

The letter M!

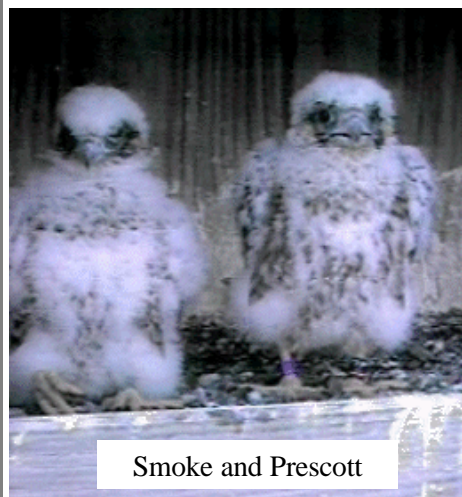

## Justin K. and Kara Room 12, Grade 3

Mae the peregrine falcon had two babies. Our class got to name a falcon. The choices were Smoke, Flap, Turbo, and Rocky. We named him Smoke. We liked that name because he lives on a smoke-stack. His brother's name is Prescott. A fourth grade class in Montana

Smoke

got to name Prescott. Smoke and Prescott are ready for their first flight, but we do not know if they have taken their first flight. On Wednesday they took the camera off.

When we get out of school, we will miss our friends. But, we will have fun. We will miss our teacher, Ms Marckx. Last week we went swimming and made mobiles. This year was fun. We could not wait to go to the zoo. We were excited! Cassie wanted to find her favorite animal, the laughing hyena. It has spots on it. Tyler wanted to see the lions.

## More Classroom News ... and Fun

### Molly and Carly Room 7, Grade 4

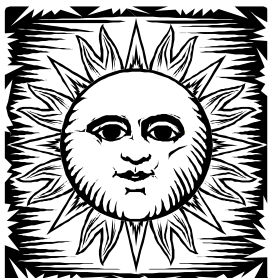

Our favorite field trip was the zoo, because monkeys were at the zoo. Science was our favorite thing, because you got to play with the light bulbs and batteries. Kira burned her finger with a hot wire.

Our class has been working on the play "Robin Hood". Jared was Robin Hood and Kira was Maid Marion. Molly was the Jester, and Carly was a townsfolk.

Molly (me) is going to Bald Head Island in North Carolina. Carly is going to Eastern Washington.

We will miss our groovy teacher Ms. Sato. Ms. Sato said she would miss her groovy students. We will remember our wonderful teacher, Ms Sato! We had a groovy year with our groovy teacher, Ms. Sato.

### Tram and Colin Room 9, Grade 3

My favorite field trip was the Pike Place Market. Scott told us stuff that was interesting. We got to try samples. They were good. The most interesting thing was the vegetables. These two old people planted the best corn ever. It was really fun there. What I like about third grade is you get to go to reading, and you have to know how to do multiplication when you go to fourth grade. (Tram)

On the 12th we went to the Arbor Heights Pool. We are learning division in our classroom. It is kind of hard. There is a book exchange going on in the library. We are reviewing fractions. It was easy. Our class is working on our state reports. In third grade I really loved to do fractions. (Colin)
