## Jaelynn and Jesse Room 12, Grade 3

We went on a field trip to the Pacific Science Center on Friday, May 7, 1999. The field trip was fun. In class we are studying fractions in math. They are very easy. In class we are doing reports on birds and fish. We are doing archery in gym. Jesse popped a balloon.

## Forecast by Lindsay

Tomorrow, what will it be? Sunny? Rainy? Windy?  
Nobody knows the forecast for tomorrow.  
Happy, glum, full of sorrow?

Shall I wear my sunglasses or my raincoat?  
But really will anyone quote?  
C'mon, I'm dying to know where the forecast will go.

There's many kinds of outfits for  
different kinds of weather.  
I even saw people in the rain wearing leather.

Last week a lightning bolt struck a tree.  
Oh please does anybody know what the forecast will be?

On Monday, May 17th all the kindergartners went to Lincoln Park for the day. We had a picnic lunch. We have a family of tadpoles in our class and have watched them change. We are looking forward to the Young Authors' Conference and Ice Cream Social. In June we will be going to the Woodland Park Zoo. Thank you to the teachers and parents who take us on these trips.

### Sesen and Julie Room 25, Grades 4&5

We had a blast on our fifth grade field trip. Our favorite part was when the boat swayed from side to side. After the 5th grade field trip two people that we know of had things ripped out of their lockers. And the people would like to know who did this incident.

We would like to say thank you to the staff and parents who went on the field trip!! We also hope all the 5th graders had fun!! Well, that's all from Room 25.

Q: Why were the teacher's eyes crossed?

A: She couldn't control her pupils!! Ha!! Ha!!

### Lindsay and Margo Room 16 Grades 1, 2 & 3

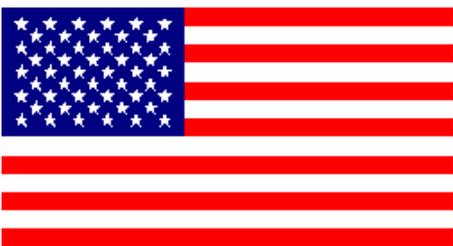

We went to the puppet theater to see the Fable of the Fox - an Aesop's fable. We were excited. After that we were going to sew our own puppets.

Next year Mr. Femiano will not be having a third grade. He teaches a first, second, and third grade class, so the second graders are sad. They didn't know 'til about four weeks ago that this was their last year here.

Tom: "I took a trip on Saturday".

Sam: "To where?"

Tom: "To the ground".

Happy  
Memorial Day!

### Katie and Matt Room 24, Grade 5

May 7th was the school fair, and Aja is back after a month in Europe. We started geometry last week.

We went on a field trip to the Kingdome. First we went on Goodtime II, the boat. The boat ride was an hour long! But it was so fun! Then in the middle of the boat ride the boat rocked back and forth. It was fun! Except some people got scared. Then we went to the Mariners game. The Mariners lost 16 to 10, but there were two home runs by Russ Davis.

Q: What goes up but never comes down?

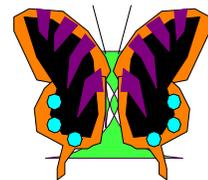

A: Your age

### Spenser and Kendall Room 9, Grade 3

We just went on a field trip, and it was fun. We went to a laser show that was really fun, too. It had lots of different colors.

We also saw "Into the Deep". It's a 3-D movie. It looked like the fish and seals were coming to you. We saw lots of people reaching out for the fish and other stuff in the sea.

One of the groups went to the butterfly room. That is where lots of butterflies like to go. Sometimes the butterflies land on you when you are wearing blue. It is very hot in the butterfly room. The field trip was very fun!

What did Cinderella say when her photos weren't done?
