He looked great! We did a leaf clay art project. We took a leaf that we liked and put it on clay. It had to be the right size. Then we pressed so there was a print. Then we took a toothpick and cut the shape. That's how we made our clay projects.

Our class is going to the Nutcracker in December. Our class has been painting jars with shoe polish and has been putting flowers in them. They look really pretty when they're dry! We also are working on long division. Thanksgiving is coming, and I'm really thankful for having so many great things. If you think about all the people who don't have a home or food, we are very lucky, and that's what I (Taylor) am thankful for.
