

Jr. Seahawk News

Arbor Heights School

September 1996

Volume 6 Issue 1

Back to School Edition!

School started on September 5th.

This is the very first edition of the Jr. Seahawk News done without the help of Mrs. Thompson. She retired this summer after teaching at Arbor Heights for many years.

Mr. Dorr and Mr. Ahlness are helping students with the newsletter now.

Thank you,
Mrs. Thompson!

Special this month....

Inside you will find stories from the new classroom news reporters.

Find out their favorite classroom jokes! 😊

Hear news on what they are learning in their classrooms.

Learn what their teachers did last summer!

Open House!

Thursday, October 3rd
6:00 p.m. to 8:00 p.m.

- ⇒ Ice Cream Social!
- ⇒ Bake Sale!
- ⇒ Book Fair!
- ⇒ Visit Classrooms!

inside...

- Stories, poems and articles by Arbor Heights Students
- Advisors and Editors: Mr. Dorr and Mr. Ahlness

From Classroom Reporters.....

Wendy & Adam Room 7

Our room's favorite joke!

Why does the ocean roar?
You would too if you had crabs
on your bottom!

What we are learning that is interesting.

We are learning about
geographers. Like what
questions they ask to
learn about something.

What our teacher did this summer.

Ms. Sato walked 35 miles
every week in the summer.
She went hiking around a lake
too.

Jayson & Mallory Room 24

This is our room's favorite joke:

Where do the bees go pee?
At the BP station.

Here are some things that our class thinks are interesting.

Rounding, homework,
Puyallup Fair, base 5,
reading: Fantastic Mr. Fox
and Did You Carry the Flag
Today, Charley?, raising
salmon, having auctions,
playing a joke on Ms.Keegan,
North Star desks, group
names, jobs, space shuttles,
AWP, mood indicator, voting
song, burying I can't, I C who
U R, Seattle Times, book of
jokes, Mr.Dorr,and speed
reading.

**“This summer I had a
very interesting
experience.** I got a chance
to work in a cherry orchard in
The Dalles, Oregon as a
tractor driver. My friends who
own the cherry orchard asked
my son and I to work there.
It was my first experience
working in agriculture. Farm
work is extremely hard work,
with no days off. They bring
in over 100 pickers who
harvest the crops. The

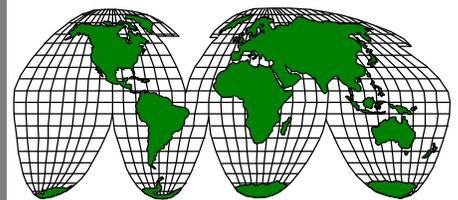

pickers are like musicians the
way they pick the fruit. They
took over a million pounds of
cherries off the orchard this
summer. This experience
helped reinforce how
fortunate I am to be doing
what I love to do.”

Brian & Koriann Room 21

What will Gary Lock name his
son?
Master Lock.

We are partitioning.

Went to the Netherlands and
Switzerland.

Classroom News *by Arbor Heights News Reporters*

Justin & Sovennary Room 12

The classroom's favorite joke is:

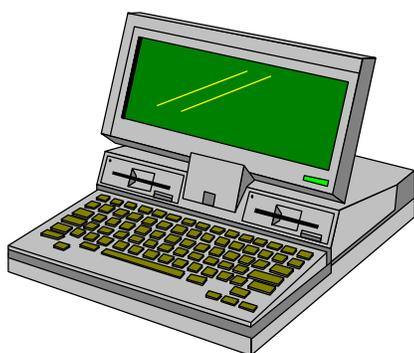

What is the most musical part of your body?

Your nose, because you can pick it and blow it.

What room 12 is doing interesting:

The world wide web on our computer. Last week we looked at the Arbor Heights home page and the Room 12 Top Ten List. This week we are going to look at Project Athena.

What Mr. Ahlness did interesting is he went on a hike and saw trees over 400 years old. He also got a lap top computer.

Ashley and Travis Room 8

Our class is learning about water and sea life, but we are mostly learning about octopi, moray eels, and wolf eels. We are making the biggest octopus out of paper and taping it to the windows. We also made a moray eel.

Rm. 8's favorite joke:

Once upon a time there were three men. They were walking down a dirt road, and they came to a cliff. They wanted to get across. Then an eagle came down and granted their wishes: One wished that he could fly, so he flew across. One said that he wanted to be a pilot, so he flew across.

The third one tripped on a rock and said, "Ahh Crud!" and turned into a pile of crud and fell down the cliff.

Ahh Crud!

What Mr. Swan did this summer that was interesting:

He tore off the back of his new house. He found a wild life refuge between the ceiling and the roof; There were birds nests, carpenter ants, wasps nests, rat and squirrel nests, playing cards, buttons, bottle caps and a wedding invitation from 1932!

Janae and Jamie Room 25

Rm. 25's favorite joke:

One day a guy came home from work and his dog was laying there like he was dead, so he brought him to the vet, and the doctor looked in his eyes and ears. Then a cat jumped up on the table and rolled around on him and then jumped down. The doctor said, "Yep, your dog is dead, that will be \$150.00, \$50.00 for the office call and \$100.00 for the cat scan."

Right now in our class

we are learning about snakes and our teacher is trying to teach us how to play the recorder. Our snake's name is Reggie: he is a Python Regius. A couple of days ago Ms. Hass (our teacher) spotted Reggie's eyes. They were a milky gray color. She said he was getting ready to shed his skin. He hasn't shed yet, but he's pretty close to shedding. A few days ago our teacher gave us recorders and said we will be playing this instrument this year. And a few times we may play for the assemblies and other events.

More Classroom News...

Kira & Lencho Room 16

Favorite Joke:

Why didn't the skeleton cross the road?
Because he didn't have the guts!!

Interesting things in our room:

We are studying suction cups. Mr. F. brought two plungers in the class. We could hang from the door way. We tried to hang from the wall but it didn't work. It was hard to pickup the plungers from the floor. We are studying about suction cups because our gecko has suction cups that are so small you have to use a special microscope to see them.

What our teacher did this summer:

My teacher did a lot of work on his house. He built a new roof and a porch. He made math problems for a computer game and went to Hawaii with his family.

Mary Room 23

This summer Mrs.

Hughes went to Hawaii to see her son, Hunter. Then she went to Brookings, Oregon and Truckee, California to visit friends and family. Her mother always comes to see her in August. They had a fun time together. She had a fun summer.

Lucy and Cameron Room 1

Favorite joke:

Is your refrigerator running?
YES!
Then you better go and catch it!

Something interesting that our classroom did

was go to the Puyallup Fair.

Our teacher grew vegetables in her yard. She went to Washington Business week in Bellingham and went to a science program at the U.of W. for four weeks.

Lauren, Courtney, Phillip, and Chelsea Room 15

Favorite Jokes:

What did one candle say to another candle?
Are you going out tonight?!?
Do you know why Santa planted a garden?
So he could Ho Ho Ho!!!
What driver doesn't have to have a license?
A screw driver!!!

In our classroom:

We went to the Puyallup Fair. I liked it because I pet the pigs and the chicks. I didn't like it because we didn't have enough time. I really liked the pig races. It was exciting to see the pigs and chicks. I was not excited about the sheep. We are studying slugs. We held them, they are slimy. It has a breathing hole, a mantle and 4 tentacles. The color is tan with black dots and brown. We kept them in a terrarium and one of them turned white.

Our teacher summer:

Mrs. Long turned 50!!! She was barefoot most of the summer. She went to Leavenworth to the same place as news reporter Courtney, Haus Rorbauch. At Haus Rorbauch you can play games as late as you want.
